Los Angeles, CA - August 6, 2008 -- We could write a lot of big, bombastic
bruhaha about the latest show from the brains behind BOLLYWOOD FOLLIES,
WHITE TRASH WINS LOTTO, AND LUCHA VAVOOM, but... well alright, you
talked us into it!

The GIRLIE GIRL CATFIGHT SHOW is the very 1st of it's kind. Beautiful,
skilled girl wrestlers - think Bond girls of old - in spirited, sexy combat. This
is where you will see the best catfights from the movies brought to life. Now
add aerial artists, host & bon vivant JEFF DAVIS, the anything goes atmos-
phere of LITTLE RADIO downtown, and you have what can only be described
as a trailer for a surreal 60's movie that was never made. No one has ever
put on a show featuring the perfect kind of female wrestling; the girlie-girl
FUN kind.

Here's what it's NOT:

It's not like any kind of female wrestling icky porn wrestling that's out there,
not the permed, leotard clad punch-fests.

Here's what it is:

More of the anything goes good-times from the weirdos behind Lucha Va-
VOOM. LITTLE RADIO provide their usual great bands and after-hoursy at-
mosphere and the combo is enough to make Los Angeles weep with joy.
